**Q1 2023**

**January - March**

# INTRODUCTION

City of Detroit

Q1 2023

## About This Report

The Workforce Intelligence Network for Southeast Michigan (WIN) partnership is a collaboration of Michigan Works! Agencies (MWAs) and community colleges across a 19-county region in Michigan. The counties in the WIN partnership include Clinton, Eaton, Genesee, Hillsdale, Huron, Ingham, Jackson, Lapeer, Lenawee, Livingston, Macomb, Monroe, Oakland, Saint Clair, Sanilac, Shiawassee, Tuscola, Washtenaw, and Wayne, along with the City of Detroit.

The WIN data and research team analyzes job posting data at the occupation level within eleven customized occupation groups built using specific Standard Occupational Classification (SOC) codes to provide more contextualized information. Occupation groups combine data for jobs with similar skillsets, educational attainment, and experience requirements, which provides a more in-depth snapshot of the current labor market when compared to traditional industry data based upon North American Industry Classification System (NAICS) codes. Occupation outlook sections utilize these metrics to identify and display the top in-demand jobs, their entry requirements, and their earning potential.

WIN produces a Quarterly 19-county region report quarterly using data from all eleven occupation groups. A report focused on the city of Detroit is also produced quarterly, focusing on five occupation groups related to Detroit's labor market. County reports are produced annually and focus on five occupation groups chosen to reflect the labor market specific to the county.

This report highlights labor market information and real-time job posting data for the City of Detroit, including a workforce overview that identifies key components of the area's labor market such as labor force status, demographic, and commuting data. WIN's analysis of online job postings, a proxy for employer demand, is a pioneering method for tracking the labor market's health. This data is used to provide real-time demand and job posting information for both employers and job seekers. This report analyzes the first quarter 2023 labor market information from the City of Detroit for the Business and Finance, Energy, Healthcare, Information Technology (IT), and Skilled Trades occupation groups.

For more information pertaining to the labor market in southeast Michigan, the custom occupation groups within this report, or any other workforce-related data projects, please visit [www.WINintelligence.org](http://www.WINintelligence.org) or contact the data and research team directly at [research@WINintelligence.org](mailto:research@WINintelligence.org). ## State of the Labor Market in the City of Detroit

Despite a slight decrease in the total labor force during the first quarter of 2023, the unemployment rate is the lowest it has been at 7.4 percent in the last 10 years. The number of unemployed workers saw the greatest improvement, decreasing 19.0 percent from 2022, while the size of the labor force decreased by 1.9 percent from 2022 and the number of employed individuals decreased by 0.2 percent from 2022.

Registered Nurses top the list as the most in-demand occupation, accounting for 3,273 job postings. The healthcare occupation group continues to be heavily demanded in the city of Detroit.

## Annual Labor Market Information

The labor force in Detroit had partially recovered in 2022 from the pandemic but declined between 2022 and 2023 YTD by 4,742 individuals, from 248,659 to 243,917 individuals. Also, employment decreased by 529 individuals (or 0.2 percent) and unemployment decreased by 4,212 individuals (or 19.0 percent), respectively. The unemployment rate is the lowest it has been in the last 10 years at 7.4 percent and is below pre-pandemic levels.

## Annual Labor Force, Employment, Unemployment Rate 2013–2023

## Quarterly Employer Demand Overview

Between Q4 2022 and Q1 2023, employer demand has decreased by 22.9 percent, with 7,456 fewer unique postings for the City of Detroit. The first quarter marked the third consecutive quarterly decline from Q2 2022, with an average of 25,145 postings per month. This was also the lowest quarterly average since Q4, 2021. This sharp decline of 22.9 percent from Q4 2022 is further evidence that post COVID-19 economic recovery has finally peaked.

## Average Quarterly Posting Analysis City of Detroit Q4 2022 - Q1 2023

# ANNUAL WORKFORCE INDICATORS

## Key Findings

15%

Employer demand decreased by 15.5 percent, a loss of 8,258 job postings since Q4 2022

### Bachelor's Degree

Most in-demand minimum education level during Q1

In Q1, employment totaled

225,960

a decrease of 1,719 workers since Q4

During Q1 2023, there were 45,030 job postings, or 8,258 fewer than the 53,288 postings made during Q4 2022 in the city of Detroit. Healthcare, Business and Finance, and Information Technology occupation groups were the highest posting employers in Q1. The top posted job occupations include Registered Nurses, Sales Representatives, Wholesale and Manufacturing, Except Technical and Scientific Products, Software Developers, and Computer Occupation, All Other. More information about in-demand job postings can be found on page 7.

Of the 45,030 unique postings in the city of Detroit during Q1 2023, 18,064 (40.1 percent) required a Bachelor's degree. An additional 6,118 postings (13.6 percent) required an advanced degree. The high demand for business and finance and information technology roles within the city, drives this high demand for college education.

### Top 5 Posting Occupation Groups Q1 2023

### Education Levels In-Demand Q1 2023

The city of Detroit has seen consistent labor force patterns since Q1 2022. For Q1 2023, Labor Force participation declined by 550 individuals (0.2 percent) and employment declined by 1,719 workers (0.8 percent) from Q4 2022. On the other hand, unemployment figures showed steady improvement over each quarter from Q1 2023 to Q4 2022 but increased by 1,169 individuals in Q1 2023. Also, the unemployment rate increased by 0.5 percentage points from the previous quarter for an overall Q1 2023 unemployment rate of 7.4 percent. More information regarding this year's unemployment rate and other labor market indicators can be found on page 4.

# LABOR FORCE, EMPLOYMENT, AND UNEMPLOYMENT

The labor force in the City of Detroit experienced growth year over year from 2015 through 2020 and peaked in 2020 with 262,129 workers. During the pandemic, the labor force marked a 7.7 percent decline to 241,955 but has since increased to 248,659 in 2022 and the decreased again to 243,917 in 2023. Employment showed a similar trend, with growth year after year from 2012 through 2019. The COVID-19 pandemic ushered in a significant drop, with employment dipping 10.2 percent in 2020 over 2019. Employment figures seem to have stabilized in 2023 following the post-pandemic recovery. Meanwhile, the number of unemployed individuals in the City of Detroit declined by 4,212 workers, or 19.0 percent, between 2022 and 2023.

Data: Bureau of Labor Statistics

## CENSUS 2021 LABOR FORCE DEMOGRAPHICS

During 2021, there were 272,988 individuals in the labor force, meaning they were either working or looking for work. Employed workers make up 84.7 percent of the city's labor force. The highest unemployment rates in 2021 were seen in those aged 24 years old or younger, with this age cohort, there were 64.5 percent of unemployed individuals identifying as males compared to 54.9 percent of unemployed individuals identifying as female. Overall, males have higher unemployment rate than females, at 17.2 percent and 13.5 percent respectively. Native American job seekers faced the most challenge in securing employment, with an overall unemployment rate of 19.1 percent. This group was followed closely by Black or African American job seekers at 16.7 percent.

# POPULATION DEMOGRAPHICS

## 2021 Census Population

According to the Census Bureau 2021 ACS Five Year estimates, the City of Detroit had a population of 645,658 people. The sex of the populace was split almost evenly, with about 52.5 percent of the population identifying as female, and the other 47.5 percent identifying as male. The majority of the population identified as Black or African American (77.9 percent) with the second largest number of individuals identifying as White (12.9 percent). The city's age demographics skew younger than the surrounding region; 26.3 percent of the population was over the age of 54, compared to 34.6 percent under the age of 25, while 39.1 percent of the population fell between the ages of 25-54.

# REGIONAL COMMUTING PATTERNS

According to the most recent OnTheMap data set from the Census Bureau, Detroit's 2020 workforce consisted of 174,234 residents. There were 54,339 (31.2 percent) residents also worked in the city, while the remaining 119,896 residents (68.8 percent) traveled outside for work. With 217,513 workers employed in the city during 2020, there were 163,174 (75.0 percent) workers living outside of the city and commuting in. While there is a higher percentage of both inbound and outbound commuters in Detroit than other areas of the WIN regions, Detroit is ultimately a net importer of jobs, with more workers commuting into the area for employment than leaving.

## TOP POSTED JOBS

### Top Posted Jobs

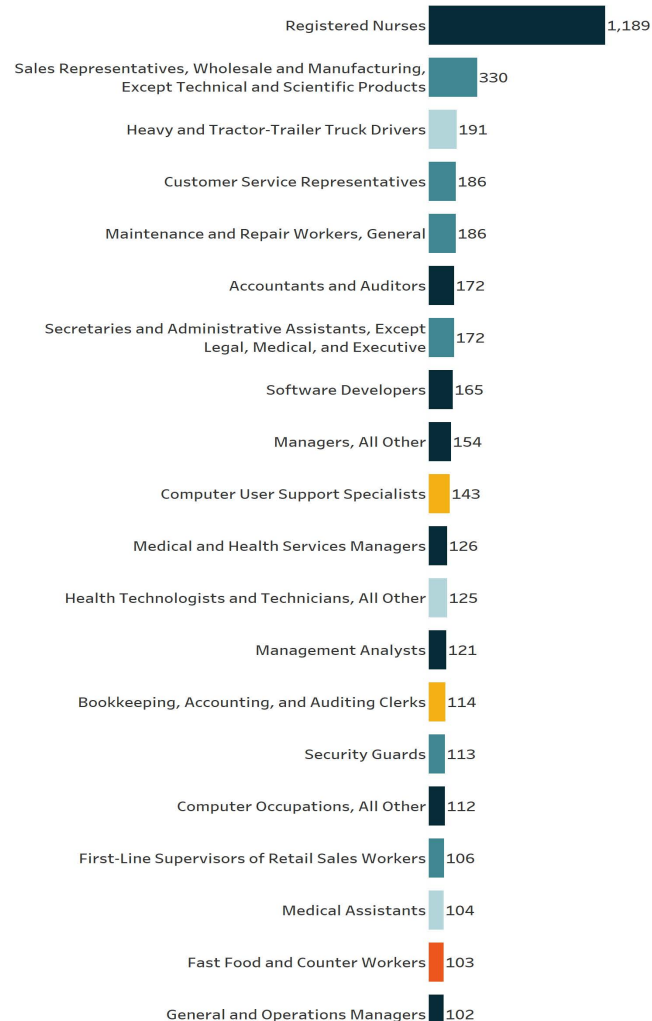

Registered Nurses are the highest in-demand occupation during Q1, with 3,273 unique online job postings. Sales Representatives, Wholesale and Manufacturing, Except Technical and Scientific Products are the second largest occupation with 1,395 postings. Software Developers (1,344 postings) round out the top three occupations in Q1. Many of these positions require a bachelor's degree, which is common in over half of the top 20 posted jobs in the city.

- High school diploma or equivalent
- Some college, no degree
- Postsecondary nondegree award
- Bachelor's degree

### Top Posted Entry-Level Jobs

Entry-level jobs, which usually require zero to two years of previous experience, account for 24.4 percent of postings in Detroit. Four of the top ten entry level occupations require a bachelor's degree, while the remaining six require a high school diploma, postsecondary non-degree award, or some college with no degree. Those who enter the workforce with a college degree can expect entry wages nearly double from those without. Registered Nurses were the top posted entry-level job with 1,189 postings requiring zero to two years of experience and a bachelor's degree.

- Bachelor's degree
- High school diploma or equivalent

## Business and Finance Education and Experience

The Business and Finance occupation group offers high paying job opportunities for workers. A bachelor's degree is the most in-demand education level in Q1, as noted in 6,297 postings. A master's degree is the second most in-demand education level with 1,491 postings, while 2,365 postings do not specify any education level. Many business and finance occupation postings do not specify a required length of experience. Almost half of the postings list a requirement of two or more years of experience.

# BUSINESS AND FINANCE OCCUPATION GROUP

## Top Posted Jobs

The Business and Finance occupation group with the highest number of Q1 postings (1,395) was Sales Representatives, Wholesale and Manufacturing, Except Technical and Scientific Products. This was followed by Managers, All Other (1,089); Sales Managers (803); and Accountants and Auditors, with 695 postings. While most of the top jobs typically require a bachelor's degree, the highest-posting occupation group, Sales Representatives, Wholesale and Manufacturing, Except Technical and Scientific Products, only requires a high school diploma and offer moderate on-the-job training for those without prior experience.

# BUSINESS AND FINANCE OCCUPATION GROUP

## Wage Overview

For job seekers able to obtain the required education, Business and Finance occupations offer lucrative opportunities. The top posted occupation, Sales Representatives, Wholesale and Manufacturing, Except Technical and Scientific Products, offers median hourly wages of \$30.49 (\$63,419 annually), while Sales Managers have a median hourly wage of \$62.29 (\$129,563 annually). Additional experience may lead to a role as a Marketing Manager, with median hourly wages at \$63.32 (\$131,705 annually). Sales Representatives, Wholesale and Manufacturing, Except Technical and Scientific Products provided the lowest median hourly wage for the top posted jobs in this occupation group at \$30.49, which is still significantly above the state median of \$21.88.

## Energy Education and Experience

The Energy occupation group requires a specialized workforce with specific skills. A bachelor's degree is the most in-demand education level in Q1 with 52.9 percent of 1,846 postings. A master's degree is the second most in-demand education level with 16.0 percent, while 4.2 percent require a Ph.D. The amount of experience required varies widely from none to over ten years, although a majority require at least two years. Even many energy occupation postings do not request any specific experience.

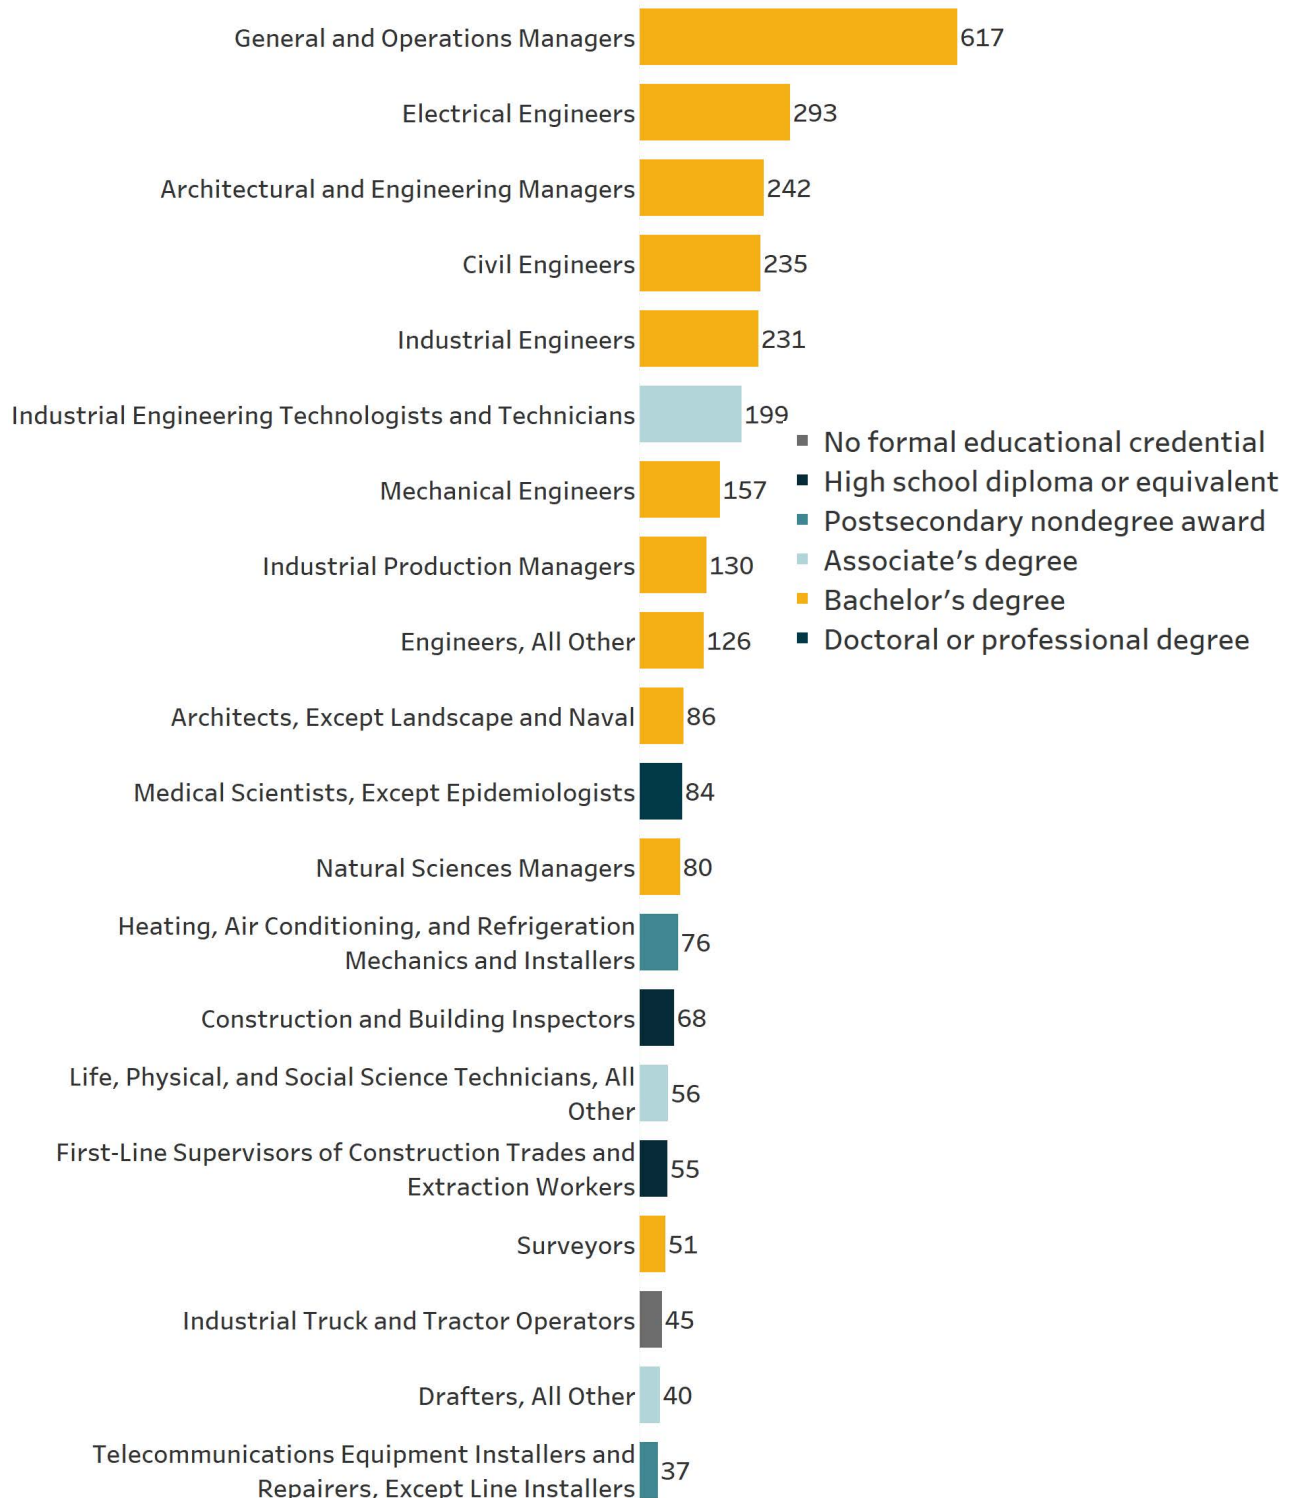

Data: Lightcast | Analysis: Workforce Intelligence Network

# ENERGY OCCUPATION GROUP

## Top Posted Jobs

Most high-demand Energy occupations are engineering positions requiring a bachelor's degree. General and Operations Managers has emerged as the highest in-demand Energy occupation in Q1 with 617 postings. Other top posted jobs requiring a bachelor's degree include Electrical Engineers (293 postings), Architectural and Engineering Managers (242 postings) and Civil Engineers (235 postings). Industrial Engineering Technologies and Technicians (199 postings) are only required to hold an associate's degree without any experience and on the job training.

## ENERGY OCCUPATION GROUP

## Wage Overview

High demand for engineers and managers in the energy field provides lucrative opportunities for job seekers able to obtain the required educational level. The top posted energy job, General and Operations Managers, offers a median hourly wage of \$49.52 (\$103,001 annually). Construction- and technician-focused positions generally have shorter educational requirements and pay higher median wages than similar occupations in other industries.

# HEALTHCARE OCCUPATION GROUP

The Healthcare occupation group includes jobs related to healthcare support and practitioners. Employment in this group has seen marginal decline since 2018, although healthcare workers remain in high demand to care for Michigan’s aging population. Annually, there are about 3,200 job openings for these positions in Detroit, and this is projected to continue increasing.

Employment Over  
Time 2013-2023

94  
Healthcare  
Workers  
0.3% Increase  
from 2023

## Healthcare Education and Experience

The Healthcare occupation group offers many job opportunities for active job seekers at all experience levels. A bachelor’s degree is the most in-demand education level in Q1, with 1,909 postings. An associate degree is the second most in-demand education level (1,305 postings). Many postings from this occupation group do not request any specific experience and education level.

# HEALTHCARE OCCUPATION GROUP

## Top Posted Jobs

Registered Nurses were the highest in-demand Healthcare occupation with 3,273 total postings, a number significantly higher than all the other occupations. A bachelor's degree is the most in-demand education level amongst healthcare occupations, indicated in 24.5 percent of postings. A high school diploma or equivalent accounts for 15.2 percent of posting requirements. Other top posted jobs include Physicians, All Other (300 postings), Clinical Laboratory Technologists and Technicians, All Other (295 postings), Health Technologists and Technicians, All Other (295 postings), Medical Assistants (250 postings), Radiologic Technologists and Technicians (225 postings), Licensed Practical and Licensed Vocational Nurses (210 postings), Medical Records Specialists (209 postings), Nursing Assistants (206 postings), General Internal Medicine Physicians (196 postings), Nurse Practitioners (191 postings), Home Health and Personal Care Aides (131 postings), Speech-Language Pathologists (124 postings), Magnetic Resonance Imaging Technologists (123 postings), Surgical Technologists (119 postings), Respiratory Therapists (116 postings), Pharmacy Technicians (111 postings), Psychiatrists (97 postings), Family Medicine Physicians (91 postings), and Cardiovascular Technologists and Technicians (90 postings).

# HEALTHCARE OCCUPATION GROUP

## Wage Overview

Wages in Healthcare are generally higher than the state median hourly wage of \$21.88, with pay increasing in line with required education, training, and experience for Healthcare's top jobs. Registered Nurses, the top posted healthcare job in Q1, offers a median hourly wage of \$39.20 (\$81,536 annually). Although many positions require an associate degree or higher, there are several jobs above the state minimum wage open to those with a high school diploma or equivalent.
